DID YOU KNOW?

There are more than 350 children in Floyd county in foster care on any given day. Restoration Rome is trying to combat this problem by making life easier for these kids, their parents to keep or get them back, and foster parents. They have a 50,000 sq ft building that they are repurposing "as a foster intake and triage facility--the first of its kind in the state." They provide clothing, tutoring, education, and many other services to children and adults. PVN has been sponsoring the "Parents' Day/Night Out" to give free childcare to foster parents, so they can have a much needed break. Way to service your community, PVN!
